

To the family of Michael Lomker:

Michael Lomker was an active member of several online car clubs. When he passed, the info spread quickly and an outpouring of raw emotion and support came through almost 400 comments over 30+ pages on 2 local and 2 national forums. Mike was the kind of guy that absorbed everything he learned and then endlessly shared it with others in a kind, helpful, and guiding way. He had a dry sense of humor that never failed to cause a smile and his laugh was loud and powerful, coming from deep within his soul.

He had so many well wishers that could not be here today, these are some of the comments highlighting the impression Michael made on friends from as close as Fridley and as far away as Boston, San Fransisco, and Texas . His friends did not end at our borders; he had friends in Canada, China and Australia, and more. He touched people from everywhere in between in to name a few. Most wished good thoughts and prayers to the family and Mike, others had more to share:
